**ALREADY SEEMS THE JURY TRYING MRS. BONINE.**

**NOT ALLOWED TO READ OR SEE THEIR FAMILIES.**

**THE TRIAL MAY BE CUT SHORT.**

**Government Will Not Present the Growsome Anatomical Manikin to Show Wounds Inflicted.**

Washington, Nov. 23.—The Bonine jury is already pretty tired of its job. The jurymen are not allowed to read; they may not discuss the incidents of the trial nor advance opinion or theory in the case, hitherto they have not been permitted to see the members of their families. Up to yesterday they had not even taken a walk. Most of their seclusion is devoted to playing cards.

Justice Andrews has somewhat alleviated their condition by granting permission to those who will state in advance the nature of the conversation the privilege of talking with their relatives in the presence and hearing of a bailiff.

Last evening after adjournment the men were taken out for a constitutional and today they went driving. Some arrangements for their comfort tomorrow had also to be made and it is likely they will be permitted to attend church if they will go in a body and if the pastor will refrain from touching on the forbidden topic.

Interest in the case is growing more intense daily. Even the attorneys are compelled to guard their chairs under pain of losing them if not carefully watched. The adjournment until Monday is said to be in the interest of expediting affairs. District Attorney Gould says he will trim down his list of witnesses to a minimum. By the study he is giving the subject today he expects to cut off several days of the proceedings.

The government has decided not to present the growsome anatomical manikin, which was intended to impress on the jury the nature of the wounds inflicted on Ayres. There was much objection because of the horrible appearance of the effigy and Mr. Gould, rather than lay himself open to adverse criticism decided to refrain from making use of the object. One of the officers will represent the body of Ayres, when it becomes necessary to point out to the jury the location of the wounds.

Washington, Nov. 23.—Five witnesses were heard in the trial of Mrs. Lola Ida Bonine for the murder of James S. Ayres, Jr. Four of these witnesses were police officers who had gone to Ayres' room after discovery of the body by employees of the Kenmore hotel, and the fifth was W. W. Warfield, who was proprietor of the hotel at the time of the tragedy. The policemen testified to details of the wounds, position of the body and arrangement of the furniture in the room. Mr. Warfield's testimony was very brief. In response to a question propounded by Attorney Fulton of Mrs. Bonine's counsel, he said that Mrs. Bonine had made arrangements to leave the hotel before the tragedy occurred. Mrs. Bonine's party in the courtroom was increased by the addition of her brother, Grant Henry, who lives at St. Joseph, Mo. Only once during the day did Mrs. Bonine display emotion, and that was when the bloody undershirt which had been worn by Ayres on the night of the killing was identified by Officer Brady.

## GRAZED

**His Face With Shot and John Russell Nearly Fainted at Zanesville, Ohio.**

Zanesville, Nov. 23.—While Brake-man Billingsley was showing a new shotgun to Conductor Watson at the B. & O. depot yesterday noon the shell accidentally exploded. Many persons were at the depot alighting from and taking passage on a train when the gun was discharged and John Russell, of Rochester, N. Y., a traveling salesman, had a miraculous escape from death. The load of shot grazed his face, cut his hair and skinned his forehead, blowing his hat to fragments. He was scared and stunned almost to death, and was assisted on the train in a fainting condition. Billingsley was scared almost as bad as were many persons on the platform.

## NO DOCTOR

**Would Hollingshead Have and Now He is Dead—Devout Believer in Christian Science.**

Mansfield, O., Nov. 23.—Wallace J. Hollingshead, a devout believer in Christian Science, died here yesterday of lung trouble and refused to have any medical aid from the first day of his illness, six weeks ago. Hollingshead was 20 years of age, and formerly lived at Bucyrus. He was a baker by trade. At one time Hollingshead had his ears and feet frozen and was healed by Christian Science teaching. Since then he has had great confidence in the religion. His sister, Mrs. Bertha Clahr, says that she was cured of consumption by Christian Science five years ago, and that if her brother could not be cured as she was it would have been no use to call a doctor.

## A MAD DOG

**CREATES LOTS OF EXCITEMENT NORTHEAST OF HERE.**

**Dog Attacks Mr. James Harris, a Well Known Farmer—Neighbors Pursue and Kill the Dog.**

Mr. James Harris, a well known farmer, who lives in this county, near where the Washington and Eden township lines meet, in company with several residents of that vicinity, had quite an exciting adventure with a mad dog a few days ago. Mr. Harris had gone to the home of the late David Moats, a neighbor, to see Mrs. Moats' brother, Mr. Thomas Wilson who makes his home with her.

As Harris entered the yard he noticed a strange dog acting very peculiarly, running about wildly and frothing at the mouth. The dog disappeared in some bushes near the spring on the place, and Mr. Harris went into the house and told the inmates about the dog. He and Mr. Wilson came out in a short time and just as they came out the dog appeared again and made a sudden dash at Mr. Wilson and tried to bite him on the leg. Fortunately he had a pair of heavy felt boots on and the dog's teeth only grazed the skin. The dog then ran up the road and it was afterwards learned that he tried to bite several people and it is known that he succeeded in biting a helper. The neighbors got together and pursued the dog and finally succeeded in overtaking and killing it, about three miles from where it was first seen.

## MURDERER CHARGED.

Savannah, Mo., Nov. 23.—Stewart Pife, a clerk, was formerly charged today with the murder of Frank Richardson, a prominent citizen. Pife disappeared last June after the murder. Richardson's talented and handsome wife had hard work clearing herself of the charge that she committed the deed.

## AGAIN

**Is It Rumored That the Columbus Road May Change Hands—A Meeting Postponed.**

(Columbus Press.)

Several of the Boston stockholders of the Columbus, Buckeye Lake and Newark Traction company arrived in the city Thursday and were driven over the line from the Columbus end. They were: J. E. Appleyard, H. H. Hemis and Benjamin Fisher. The gentlemen were very much impressed with the development of the interurban propositions out of Columbus, and were particularly interested in the scheme of the interurban loop and union station.

The Buckeye Lake company was to have held an evening Thursday afternoon to elect officers and consider matters regarding the completion of the road and placing it in operation, but it has again been postponed. It is rumored that the Buckeye Lake people are considering a proposition for the sale of the road, but no authentic information on the matter can be secured.

## BEER

**THE CENTERBURG ROBBER HAS NEWARK RELATIVES.**

**HE GETS OFF WITH A FIVE YEAR SENTENCE.**

**HE CALLED HIMSELF MORRIS.**

**Indictment on the Habitual Criminal Charge Will Not be Pushed Against Prisoner.**

Mt. Vernon, O., Nov. 23.—George Morris, whose right name is Beer, the Centerburg postoffice robber, got off with a five year sentence in the penitentiary, Friday after a plea of guilty, and will not be confronted with the charge of being a habitual criminal.

When Morris was brought into the court his attorney, William M. Koops, and Prosecutor Ewalt went into consultation with the prisoner and when the conference was ended Ewalt stated that he desired that the indictment against Morris for being a habitual criminal be nolleed upon his agreement to plead guilty to burglary and larceny.

Judge Jones, in a few words gave Morris five years in the penitentiary, and the prisoner's face became wreathed in smiles. Morris comes of good parents. His father is a Presbyterian minister, and he has prominent relatives in Newark, Cosschocton and Ashland. Morris is suffering from heart trouble and he jokingly told his counsel that he guessed he would have to be good now, as his health was too bad to admit of him pursuing his former career.

Morris would likely not have been captured but that his heart went back on him when he tried to run.

Charles Smith, John Walker, Wm. Fowles and Harry Gordon, the Danville bank robbers, all entered a plea of not guilty, waiving the reading of indictments. They were returned to jail.

Charles Graves, charged with cutting with intent to kill entered a plea of not guilty.

The case on trial Friday was that of Griffin, guardian, vs. Knox county. At the conclusion of the case court will be adjourned by Judge Jones until December 9th.

The trial of the persons indicted by the grand jury will be held during the week of December 9th.

## MOTHER AND DAUGHTER

**Killed by Suburban Car—Frightened Horse They Were Driving Caused the Accident.**

Eric, Pa., Nov. 23.—Miss Hannah Casler, aged 37 and her daughter, Blanche, aged 9, of Summit township, this county, were killed by a suburban car on the New Erie Northeast electric line this morning, two miles east of the city. The horse they were driving took fright at an approaching car, and in the plunging one line was broken and the animal backed the wagon around and spilled the occupants onto the track in front of the car. Mrs. Casler's head was crushed and both victims were dead when the bodies were removed. Fred Casler, aged 11, escaped but was a witness to the shocking fate of his mother and sister.

## CRUCIAL

**Test of Submarine Boat to be Made Tonight—To be Submerged for Fifteen Hours.**

New York, Nov. 23.—A crucial test of the Holland submarine torpedo boat will be made tonight when the Fulton will be sealed and submerged in South Bay for 15 hours with six men in her, including Rear Admiral John Lowe. There will be no means of communication with the shore and to all intents the boat might as well be on the bottom in mid-ocean.

John W. Freas has been appointed administrator of the estate of Matilda Magill, deceased of Newton township. Bond \$120.

## TEDDY

**Will be the "Whole Thing" in His Administration, Says Grosvenor to Office Seekers.**

Chillicothe, O., Nov. 23.—Congressman Grosvenor was here last night and all the local politicians took advantage of the change to consult with him about President Roosevelt's rumored defiance of "pull". Grosvenor confirmed the rumor and stated plainly that there is every prospect of a fight between the President and the Senate.

"Mr. Roosevelt," he said, "will be the whole thing in his administration."

## TEDDY GOES DUCK HUNTING.

Washington, Nov. 23.—Missing from the White House, one athletic, broad-shouldered man, who answers to the name of Theodore Roosevelt. May be identified by his nervous manner and prominent display of teeth. When last seen was boarding the government yacht Sylph. Information of his whereabouts will be thankfully received by several hundred office seekers. New York papers please copy.

The above advertisement did not appear in the Washington papers this morning in the lost, stayed or stolen column, but it might have been inserted with resulting satisfaction to the politicians who have been camping on the President's trail.

The President recently concluded to take his family duck hunting yesterday. Some believe that duck hunting bacilli which so often attacked President Cleveland when he occupied the White House was not entirely eradicated by President McKinley during the various spring and fall cleanings through which the mansion passes and after hibernating in some of the dark corners, were aroused to life by the heat of the political battles that have recently been fought by Kentucky, Virginia and Missouri men and fastened their fangs on the new President. The presidential party will cruise down the Potomac as far as Fortress Monroe and it is expected will return to Washington Monday.

Manchester, England, has more public houses than any other city in the Kingdom.

## STORMY SCENE NOT OVER.

**The Buckeye Lake Company Not Allowed to Put in Crossing.**

**Injunction, Issued Restraining Steam Roads from Interfering—Arrests Made—Part of Crossing Put in When Company is Enjoined from Proceeding.**

The stormy scene in West Newark at the Pine street crossing of the Baltimore and Ohio and the Pan Handle railroad has subsided and the Columbus, Buckeye Lake and Newark Traction company has finally been permitted to put in its crossing, thus giving the interurban company access to the center of the city. The track is now completed from a point west of Hebron to the north-east corner of the Newark public square.

The struggle between the two steam roads and the electric line was fierce Friday afternoon, events following each other in rapid succession. In fact the battle assumed the nature of a comedy in which two courts, a number of city and railway officials, several locomotives, attorneys-at-law and two gangs of men participated.

As previously published in these columns, the Columbus-Newark electric road was enjoined about a month ago from crossing the tracks of the steam road on Pine street, the steam roads contending that a right of way should be condemned or acquired.

Later the Common Pleas court dissolved the injunction. The case was carried up, Friday the Circuit court at Millersburg refused an injunction but ordered that the frog used "must meet the necessities of the plaintiff." The Buckeye Lakes attorney, J. A. Fitzgibbon, telephoned to Hebron for the construction gang and that afternoon Contractor Davis proceeded to put in the frog. The Pan Handle railroad put two engines on the crossing but the city officers ordered them away for obstructing the way. Then the engines played back and forth, but nevertheless the men continued until the Baltimore and Ohio officials sent up a big gang with shovels and as fast as dirt was removed from the crossing the steam road men threw it back. This continued until Judge E. M. Wickham ordered the interference stopped. The injunction was ignored and their affidavits in contempt were filed and several arrests made. Just as the whole gang was to be arrested counsel telephoned from Columbus for the men to depart. It was then dark and hostilities were suspended.

Fearing another injunction the Buckeye Lake people seriously considered the plan to put in the frog during the night but later decided to wait till early Saturday morning. Some of the officials objected to the kind of frog to be used at Pine street but others declared it was satisfactory.

The Buckeye Lake line had all kinds of good ever since the construction of the road began. There have been injunctions almost without number and for seven weeks the company has been endeavoring to cross the steam road tracks on Pine street.

The gang of men employed by the Columbus, Buckeye Lake and Newark Traction company worked hard all morning to get in the frogs at the Pine street crossing, and had succeeded in getting in the one across the north track when they were enjoined from completing the work by an injunction granted by Judge Jones.

## GANG

**OF ROBBERS AT WORK NEAR FREMONT, OHIO.**

**POSTOFFICE SAFES BLOWN AND A STORE LOOTED.**

**THEN THE BURGLARS ESCAPED.**

**The Men Got Away with \$300 Worth of Stamps, \$50 Cash and Much Merchandise.**

Fremont, O., Nov. 23.—At Helena, near here, last night, a gang of five robbers looted the general store of L. J. Weaver and took hundreds of dollars worth of merchandise. They went to Rollersville later, blew the postoffice safe and secured \$200 worth of stamps, \$50 cash and other funds and then escaped.

## ANOTHER ACCOUNT.

Fremont, O., Nov. 23.—At Helena, this county, last night a gang of five robbers looted the general store of L. J. Weaver and carried off valuable merchandise and what cash they could find. The gang then stole S. S. Doll's team of horses and C. Womer's surrey and drove to the village of Rollersville where they blew open the postoffice safe and secured stamps valued at \$300, cash \$50 and a lot of funds belonging to the Rollersville Maccabees. The thieves made good their escape leaving no clew.

## Deserter Escapes.

Columbus, O., Nov. 23.—Daniel Coughlin, who deserted from the United States army and was shot through and through by Police Officer Loviner some weeks ago, escaped from the United States barracks hospital last night. His wound was similar to that of President McKinley's. While it was not expected he would live a court martial to take no chances, sentenced him to two years at Fort Sheridan, for desertion.

## MUTUAL LIFE

**Shows Evidence of Thrift and Skill in Its Management—Income Exceeds \$200,000 Daily.**

New York, Nov. 23.—Recent occurrences have called world-wide attention to the high character of the investments of the Mutual Life Insurance company of New York. No questionable securities of any kind are ever considered by the company. An evidence of the thrift and skill of the management is the fact that the Mutual Life has either paid back to policy holders or holds for their benefit nearly ninety million (\$90,000,000) dollars in excess of the entire sum ever received by the company from its members.

This is nearly four times as much as the twenty-eight other life companies reporting to the insurance commissioner of New York can together show. The income of the Mutual Life is more than two hundred thousand (\$200,000) dollars every day.

## CLASH

**Between Workmen and Strikers in Zanesville—Police Disperse the Crowd and Prevent Riot.**

Zanesville, O., Nov. 23.—A clash between more than 200 workmen at the Brown Manufacturing plant and strikers to the same number, was prevented by the police at 5:30 o'clock Friday night. When the men came out of the works they found the strikers lined up on each side of the pavement. Red fire was burned and fire works were exploded and the workmen were greatly enraged. A hundred girls employed at the tile works, as well as about 300 boys were also on hand and jeered and hissed the workmen. The police dispersed the crowd before trouble ensued.

## On One Wire.

Boulder, Col., Nov. 23.—Dr. Wm. Duane, professor of physics of the State university, has just been granted a patent for an invention by which a large number of telegraph messages can be sent over one wire and return at the same instant. In the physical laboratory of the university it is said he has had as many as 18 circuits working on the same wire and return, all at the same time. On any of these circuits the Morse instruments can be placed and used exactly as with the single wire now in use. Dr. Duane's invention is based on the principle of synchronizing motors.

## WILL STOP

**All Dealings if Brigands Turn Down U. S. Consul Dickinson's Next Proposition.**

Constantinople, Nov. 23.—United States Consul Dickinson arrived here from Sofia to confer with Spencer Eddy, secretary of the United States legation, as to best means of hastening a solution in the deadlock which has arisen in the negotiations over the release of Miss Stone. Mr. Dickinson will probably return to Sofia, bringing with him the cash with which to pay Miss Stone's ransom, as the kidnappers insist this payment be made in Turkish gold. Mr. Dickinson is considering the advisability of presenting an ultimatum to the brigands, in which he will recommend 10 days as the period within which \$15,000 must be accepted by the brigands as Miss Stone's ransom. If this proposal is not accepted by her captors all dealing with the bandits, so far as the United States is concerned, will cease. The captives are concealed in a large village near Dubnitz. Both are well.

## Mr. Sturman Hurt.

Mr. Daniel W. Sturman, a well known contractor of this city, was the victim of a very painful accident on Friday that might have been attended with serious results. He was engaged with a number of others in unloading a wagon load of heavy stones at the new building in process of erection near the corner of Locust and North Fourth streets. When in some manner a large stone slipped from their hands and fell, striking him a heavy blow on the knee-cap of his right leg. Mr. Sturman is lame from the injury, but hopes to recover in a short time.

## REYES

**WILL ACCEPT PRESIDENCY OF COLOMBIA.**

**A PLAN TO RESTORE ORDER IS UNFOLDED.**

**LIBERALS ABOUT TO ATTACK**

**The Town of Panama—Warships Prepared for Emergency—President Castro and His Revolt.**

City of Mexico, Nov. 23.—General Ospina, late minister of war of Colombia, states that in all probability matters will be arranged whereby General Reyes will return to accept the presidency of Colombia. General Ospina brings with him a letter from San Clemente, the legal president, now confined by the actual president, Marroquin, tendering his resignation. General Reyes received a cablegram from Marroquin saying that he intended to resign and asking General Reyes to assume the office. General Garces, who is here in the interest of the revolutionary party, says General Reyes is entirely acceptable to all but a few of the violent partisans. The proposition is to place General Reyes in office, declare a general amnesty and make up a cabinet composed of all of the various factions. This, it is believed, would end the revolution.

## To Attack Panama.

Colon, Colombia, Nov. 23.—The latest news obtainable here is to the effect that the Liberal general, Lugo, has arrived at Empire Station, distant about 12 miles from Panama, with a force said to number 1,000 men. The Liberals are gaining and arming many recruits along the entire length of the railroad, and now control the line up to within a point two miles from Panama. An attack on that city is expected momentarily, and much uneasiness is felt there. The Liberal leader, Domingo Diaz, is expected shortly to arrive at Colon. It is rumored here that Buena Ventura, a Colombian port on the Pacific coast, about 400 miles south of Panama, has been taken by the Liberals. Confirmation of this report is lacking. Marines from the gunboat Machias still guard the station and property of the railroad here. The battleship Iowa will land forces at Panama when the necessity arises.

## Free Transit Across Isthmus.

Washington, Nov. 23.—The answer of the Colombian government to the representations of Consul General Gudgeon, to the effect that the government was unable to guarantee the integrity of the railway communication across the isthmus, was purposely developed in order to make perfectly plain the fact that the United States was thoroughly justified in landing its forces at Colon. With this formal acknowledgment from the Colombian government of its inability to maintain communication, it becomes the duty of the United States, under the treaty of Granada, to guarantee that communication, even though the use of force is necessary.

## Goes to Colombia.

London, Nov. 23.—The steamer Banrigh, which was detained here this week by the British authorities on the suspicion of being a Boer filibuster, has been released and will proceed to Hamburg. A member of the vessel's crew is authority for the statement that the Banrigh will then proceed to Colon, where she will be used by the Colombian government as a gunboat.

## PRESIDENT CASTRO

**Believes He Has His Revolt Crushed. Arrest of Minister of War.**

Willemstad, Island of Curacao, Nov. 23.—The arrest at Puerto Cabello of Ramon Guerra, the Venezuelan minister of war, who was elected last month to the post of second vice president of the republic, caused much excitement throughout Venezuela. President Castro believes there existed a conspiracy to overthrow him. President Castro has called his representatives here, saying the present revolutionary movement, which is beginning to be called the Matos revolution, has been frustrated. The truth of his statement is denied here, where it is said this revolution has not yet begun. A steamer, alleged to have on board 5,000,000 cartridges and 15,000 Mauser rifles, destined for the use of Venezuelan revolutionists, is expected to arrive in the West Indies about the middle of December. The representatives of this revolutionary movement now here say the revolt will start after these arms and ammunition are available.

## Verdict Set Aside.

Sandusky, Nov. 23.—The Circuit Court today set aside the verdict of guilty of first degree murder against David Winget on the ground that the lower courts did not admit testimony that Winget killed his victim, Blanche, in self defense. Winget has been sentenced twice for killing Fred Blanche.

## WESTERN RAILROAD COMBINATION.

The recent consolidations of great railway lines in the Northwest is likely to revive old hostilities to such mergers and may precipitate a contest against railway combinations or trusts that may prove of National interest. President Hill's and Mr. Morgan's plan of consolidating such competing lines as the Northern Pacific and Great Northern, with more Southern and Eastern roads, has stirred up an ugly feeling in Minnesota, where there is a constitutional prohibition against the union of competing lines, thus wiping out all legitimate competition and creating a great railway trust. The governor of Minnesota is strong in opposition to such changes in the railway situation in his state, and may call an extra session of the legislature to interpose its authority by the enactment of new laws. There are indications of the same kind from Montana and Washington, with the prospect that other Western States may join. Competition in transcontinental traffic is something the Western States have held on to as an essential of their trade salvation. At Washington it is stated the interstate commerce commission has no jurisdiction over the combination of the Pacific roads, and that the combination can be best opposed by state action. The constitutions of the Western States have generally provisions against the merging of competing lines, which is precisely what has been done in Hill's and Morgan's Northern Securities Company. In Wall street there is confidence that the smartness of the combine lawyers has put the new railway trust in an impregnable position. There is a possibility the best laid schemes may go wrong.

**Plunder of Burglars Found.**  
Carbondale, Ill., Nov. 23.—An arrest made in this city has led to the recovery of a large amount of merchandise, supposed to be the plunder of burglaries committed in Illinois, Kentucky, Tennessee and Missouri. On the premises of Mary Kelly in this city was found clothing stolen from Martin, Tenn.; jewelry from Schell City, Mo.; revolvers and cutlery from Wickliffe, Ky., and goods readily identified by merchants of this city. A conservative estimate places the value of the plunder recovered at several thousand dollars. Three sheriffs reached this city in quest of one of the men under arrest, but the suspect jumped his bond and has not been found.

**Turk Defeated.**  
New York, Nov. 23.—Ernest Roebel, the champion, defeated Necbad, the Turk, in a Graeco-Roman wrestling contest for the championship at the Lenox lyceum in this city. The terms of the match were that the men were to wrestle for two hours. In the first hour neither man secured a fall. After 15 minutes' interval the contest was continued, and after 21 minutes Roebel was declared the winner. Bob Fitzsimmons acted as time keeper. After the result was declared Roebel announced that he would retire from the wrestling ring.

**Will Fight.**  
Washington, Ind., Nov. 23.—Ex-Cashier R. C. Davis has returned from Indianapolis, where he was indicted on 14 counts, charging him with embezzling \$75,000 of the funds of the People's National bank, making false entries on the books and for other offenses. The general impression was that Davis would plead guilty and throw himself on the mercy of the court. But his attorney, C. K. Tharp, said that Davis would not plead guilty, but would fight every case.

## COMING SESSION

OF THE LEGISLATURE CAUSING  
CONCERN AND COMMENT.

Liquor Dealers Combining to Combat  
Anti-Saloon League—Activity of  
Lobbyists and Office Seekers.

Columbus, O., Nov. 23.—The liquor dealers of the state are organizing to combat the onslaught on their business which they anticipate at the hands of the anti-saloon league at the coming session of the legislature. Perfect organizations will be made in each county. There has been such a bitter rivalry between the state brewers' association and the Royal Arch society, least one should get more than its share of the credit for any work done along these lines, that it has been deemed advisable to form a new organization, embracing within its members representatives of all these organizations, having a common purpose in view, to the end that they may accomplish something for the benefit of the trades.

The liquor men are alarmed over the prospect of the next legislature's increasing the Dow tax from \$350 to \$500 per annum and also over the prospect of local option legislation. The anti-saloon league professes to be opposed to the proposed increase in the Dow tax, on the ground that it is a further legal recognition of the traffic; but the liquor men feel that this profession is not sincere and that such legislators as are controlled by the league will not hesitate to annoy them by any means that may present itself. The league, on the other hand is firm and open in its purpose to make a strong fight for additional local option legislation applying to wards in cities. Thus the liquor interests have to meet a double danger. The result will not be conducive to Republican peace and happiness in the legislature. Both parties to the controversy are forewarned and will go into it prepared to make the next session a record breaker in the history of active lobbying.

The best information obtainable on the legislative situation is to the effect that Senator Archer of Belmont will receive the backing of the bosses and the old members of the senate for president pro tem.

Mr. Archer represents Belmont county and district, a stronghold of Republicanism, and in addition to this is regarded as a prudent legislator. He "flocked" with the best members last session, and has the respect of all. Senator Patterson of Pike is a candidate in the receptive sense but the chances that he will not permit his name to be used when the time comes.

Ex-Sheriff Scobie of Miami county, chairman of the county committee over and a hustler, is well in the lead for the clerkship of the senate, but Uhl is bringing some strong influence to his assistance. The latest argument presented by Billy Uhl's friends for his re-election is that Tom Johnson's senators are sure to make trouble, and that the Republicans of Cleveland need a man on the ground to watch them. Uhl did a good deal of watching last session, so much in fact that the members of the senate, especially the Republicans who had made his election possible, were pretty thoroughly disgusted with his constant espionage of legislation of either Cleveland or general interest. The thoughtfulness with which he watched Cleveland legislation, considering the personnel of the Cleveland delegation, was not to be wondered at, but his persistent efforts to play the part of revisionist plenipotentiary of state affairs, was execrably funny. Uhl has hung his candidacy upon a rather slender hook, but some times little things turn the tide. Malcolm Jennings is making a good fight and will have some real strength in the contest, which is his own. He is well known throughout the state and has been of service to his party. He knows the duties of the clerk of the senate better, of course, than either Uhl or Scobie, as the latter has never been employed in the legislature and Uhl was only clerk in name during the last session, the duties attached to the position being efficiently performed by Mr. E. Howard Gilkey, who is as expert in parliamentary law and the rules of both houses as is Mr. Jennings.

Many of the leaders believe that Senator Foraker, George Cox and possibly Dick have united upon Hon.

## POLITICAL ASSASSINATION.

(Indianapolis is Sentinel.)

Mr. Bryn has a refreshing way of going straight to the point in his discussions of public questions, and he certainly does so in his remarks on Durbin's disregard of law. No one questions that the Goebel assassination was purely political. Goebel was the only Democrat involved in it. The assassins were Republicans; the beneficiaries were Republicans; the suspected and indicted accomplices are all Republicans; the protector of the fugitive are Republicans. As Mr. Bryan says:

"If the reasons presented by Governor Durbin are sound, then it is perfectly safe for a Republican to kill any Democrat executive and flee to a Republican state, and if Democratic governors act upon the same principle it is safe for a Democrat to kill a Republican official and then flee to a Democratic state. In other words, the position taken by Governor Durbin, if accepted as a precedent, invites a reign of lawlessness and ought to alarm the friends of law and order, regardless of political affiliations."

This is a perfectly evident proposition, and it represents exactly the condition of the South American republics which makes their situation so deplorable. Some discontented politician starts a revolution in Colombia, for example. Possibly he assassinates the president or some other important official. Reverses come, and he has to flee the country. He goes to Venezuela and Venezuela protects him. Then

come recriminations, reprisals, war. Governor Durbin has introduced that system here. In his labored effort to prove that his action is not political he confesses that it is purely political. His chief reason for saying that the Powers trial was unfair was that the jury was "composed of Goebel Democrats," and his declared ideal of a fair jury was one composed of Democrats and Republicans, half and half. Of course the presumption is that such a jury would not convict for political offenses, and the very statement of this essential to a "fair trial" shows the bias of Durbin's mind.

He says to Kentucky: "You must give Republicans what I consider a fair trial. I am not interested in Democratic fugitives, but when a Republican is indicted for assassination there must be Republicans on the jury that tries him or the trial is not fair. If Republicans cannot be tried by members of their own political party, I will protect them from trial at all, no matter what the crime with which they are charged."

That is Governor Durbin's openly avowed position, and as Mr. Bryan truly says, it invites a reign of lawlessness. Indeed it is lawlessness. The crime that was devised to produce Republican control of Kentucky has poisoned the atmosphere of Indiana, and the governor of the state is now its most conspicuous law-breaker.

## FEDERATION

Of Labor—English Delegates Arrive for the Meeting—President Gompers' Annual Report.

Washington, Nov. 23.—Frank Chandler of Manchester, England, and Ben Tillett of London, England, fraternal delegates from the British Trades Union congress to the annual convention of the American Federation of Labor at Scranton, Pa., which opens Dec. 5, arrived here. They will remain here several days. Between 200 and 300 delegates are expected at the Scranton convention. President Gompers of the federation, in his annual report, will announce that the membership of the order has increased by 500,000 persons during the year, and will vigorously urge the re-enactment of the Chinese exclusion law, which expires May 1, 1902, and extending the eight-hour law to all workmen engaged on any government work, whether by contract or not.

**Stard of Union Miners.**  
Vincennes, Ind., Nov. 23.—The situation at Prospect Hill coal mine remains unchanged. The strikers demand that all nonunion men be discharged. The operators decline to do this, but are willing for the men to join the union. The union refused to admit the nonunion men into their organization. State Commissioner of Labor McCormick is here from Indianapolis trying to effect a settlement. The operators have reorganized, taken several nonunion men into the company, and will endeavor to run the mines on the co-operative plan. The union men declare the mine will not be allowed to be opened unless the union scale is in force.

**Polish Children Flogged.**  
Cracow, Nov. 23.—Shocking accounts have been received here of wholesale flogging of Polish children by Prussian schoolmasters for refusing to learn the catechism and prayers in German at Wezslak. Such general flogging nearly produced a riot. The parents and relatives assembled in front of the school and violently denounced the authorities. Many persons were arrested on charges of inciting government officials, and sentenced to imprisonment for periods ranging from a month to two years and to be put in chains. The Polish newspapers are indignant at these outrageous sentences.

**Switchmen's Strike.**  
New York, Nov. 23.—Superintendent Robert Turbush and John Painter, chairman of the executive committee of the New York, New Haven and Hartford railway strikers, left for New Haven to confer with the officials of the railroad. They received a telegram from Vice President Merrill of the road asking them to proceed to New Haven forthwith. The strikers claim this is an indication that their demands will be granted. The strikers have appointed a committee to go over the various divisions of the road to induce all the employees to stop work and join their ranks.

**Two Bad Men.**  
Sneadville, Tenn., Nov. 23.—James Wright and John Templeton, alleged murderers of Deputy Sheriff Clinton Legear, shot and seriously wounded Enoch and John Gillem, who had been deputized to arrest them. The Gillems were heavily armed. When they came upon Wright and Templeton the latter two fired about 40 shots at them, seven of which took effect in the Gillems. Wright and Templeton then escaped. They have been pursued since last August, when Legear was killed, and they swear they will not be taken.

**Fire at a Mine.**  
St. Louis, Mo., Nov. 23.—The tipple and wash house of mine No. 1 of the Donk Brothers Coal company of St. Louis, one mile from Collinsville, Ill., were burned, causing a loss estimated by the company at \$60,000. Boiler house, dynamo and mine were not damaged. Live News on Every Page.

## IN SOCIETY.

Mr. and Mrs. Wm. H. Davis entertained on Friday evening in honor of Mr. and Mrs. Falconer. There were twenty guests, and the evening was spent with music and general conversation. Mr. and Mrs. Falconer, who have lived in Hamilton, Ohio, for a number of years, are on their way to Beaver, Pa., where they expect to make their future home.

A jolly crowd gathered at the home of Mr. Tom Jones on Florence street last Thursday evening. Card playing and dancing were the amusements of the evening, and at 11 o'clock light refreshments were served. Those present were Mr. and Mrs. Noah Martin, Mr. and Mrs. George Floyd, Mr. and Mrs. John Hughes, Mr. and Mrs. Joe Kane, Mr. and Mrs. Ed Schmidt, Mr. and Mrs. George Dayton, Mrs. Jenkins, Misses Mehr, Flynn and Clayton, Messrs. Tyrer, Irvin and Kane. Huston and Folk furnished music for the occasion. At a late hour all returned to their homes, after having spent a very enjoyable evening.

The forty-fourth birthday of Mr. E. B. Coleman was royally celebrated on Indiana street last evening. About thirteen couples were present. A toothsome lunch was served by Mrs. Coleman. Card playing was indulged in until a late hour when the guests repaired to their homes wishing Mr. Coleman will live to celebrate 44 more birthdays as pleasantly as this one.

Mrs. Harry P. Scott entertained this afternoon with a luncheon, shower for Miss Mame Snyder, who is to be married next Thursday at her home in Virginia. About twenty of Miss Snyder's friends were invited, and whist was the amusement of the afternoon. Those present were Mrs. Fred Sites, Mrs. Dan Althool, Mrs. Ed Browne, Mrs. Fred King, Mrs. Lynn B. Wilson, Mrs. Charles Kelenberger, Mrs. Wm. Davis, Mrs. Channing Thompson, Misses Mary and Elizabeth Smucker, Kittle Simonds, Atta Beecher, Mary Baldwin, Emma Heisey, Bess Rhoads, Edith Gorbey, Carrie Allen, Josephine Veach, Ethel Pitzer, and Anna Franklin.

Miss Florence Eno Miller, daughter of Mr. Phil D. Miller, will be married on Wednesday to Dr. Judson T. Lefis.

On Tuesday afternoon the following young ladies were entertained at a luncheon shower given by Miss Edith Gorbey for Miss Daisy Hunter. The guests were, Misses Grace Fleck, Eva Owens, Bess Rhoads, Mary Baldwin, Josephine Veach, Ethel Pitzer, Lucy Blood, Louise Hunter and Miss Helen Hammond of Cadiz, Ohio; Mesdames Channing Thompson, Charlie Kellenberger, and Fred Jones. Pretty pieces of linen were also received from Misses Anna Franklin, Elizabeth Thomas and Carrie Allen, who were unable to be present. The afternoon was spent with guessing the names of books and authors from illustrations, Mrs. Chas. Kellenberger received the prize, a beautiful water-color sketch. After the luncheon shower a dainty supper was served.

One of the most unique parties ever given in Newark, was given on Thursday afternoon by Mrs. Wm. Prout at her home on East Main street. It was a baby party, and was given in honor of Mrs. Prout's one-year-old nephew, Frederic Woodbridge. The guests who were present with their babies were, Mrs. Edward Kibler, Mrs. Ernest Johnson, Mrs. Sturgeon, Mrs. Harry Swisher, Mrs. W. C. Miller, Mrs. Gillette, Mrs. Channing Thompson, Mrs. Albert Rosebrough, and Mrs. F. L. Woodbridge. The table in the dining room was decorated with carnations, a birthday cake, and with favors, (toys for the babies). The antics of the children with their toys were indescribable. Ice cream, cake and confectionary were served, and a dish of animal crackers delighted the babies. Little

Frederic received a number of beautiful gifts, and was an excellent mannered host.

Mrs. Mary E. Baugher entertained Thursday in honor of her son, Mr. Emmet M. Baugher and his bride. Those present were Mr. and Mrs. Jas. A. Hutchings of Kansas City, Kan., Judge and Mrs. C. W. ## SEA SERPENT

Bobs Up Again and This Time His Identity is Shown in an Official Report.

Washington, Nov. 23.—Our old tried and true friend, the sea serpent, has bobbed up again. There can be no shadow of doubt of his existence now for Uncle Sam himself stands sponsor for him. In an official report backed by all the official proofs in the way of signatures that can be asked for, the hydrographic bureau describes his snakehead. The following is the report made by Henry H. Neligan, the third officer of the steamship Trade, regular observer for the bureau, dated October 26.

"At 11 a. m. today in latitude 27 degrees, 26 minutes north and longitude 90 degrees and 18 minutes west, passed a large sea serpent, appearing about 100 feet long. The head had a blunt square nose and was ejecting water to a height of two or three feet from its nostrils. The animal or fish had three distinct sets of fins and a tail lying across, like a porpoise. On its back was a series of humps, like a camel. It was headed true east and moving slowly."

## "NOT GUILTY"

Youngstown, O., Nov. 23.—After having been out for five hours and a half the jury in the Allen murder case returned a verdict of acquittal, and Mrs. Annie Louise Allen was set free. She was charged with killing her crippled husband. The verdict was unexpected, and at the time it was rendered Mrs. Allen was in an ante room on a couch, not having recovered from the collapse of Thursday. The verdict was carried to her by her brother, J. Howard Oatey.

"You have saved my life," said Mrs. Allen to W. S. Anderson, her attorney, and then thanked each of her other attorneys in turn. She was then driven to the home of her mother, and will remain there for some days.

During my vacation I will have office with Real Estate Improvement company, 14 North Park Place, where those desiring to see me may call.

## HARVARD AND YALE

Big Foot Ball Game of the 'Varsity Teams Today—Looks Like Harvard Wins.

Cambridge, Mass., Nov. 23.—Surrounded by waving blue and crimson canners, cheered on by 38,000 madly enthusiastic partisans, the Harvard and Yale 'Varsity eleven came together on the gridiron here this afternoon for the foot ball supremacy of the year. Men as fit and hard as expert trainers could make them, were pitted with the glow of health keyed up to a pitch of cool determination by coaches, faced each other for the battle royal.

Arrayed in their dun-colored suits, with the colors of their colleges showing under their jackets and along their strong limbs, the 'Varsity players of each team went on the field—their courage fine, their faith in each other wonderful, their minds with but one thought, "Win, we must." Gathered around the white chalk lines which told of the gains or losses of each eleven, were thousands of men and women with his or her favorite, each wildly excited at every play, each madly enthusiastic, each time the favorite gained a foot.

The betting still ranges from 100 to 75 to 100 to 50 in favor of Yale.

## ANIMALS IN A STORM.

They Dislike the Wet Weather and Seek a Place of Safety.

Both wild and tame animals, four-footed or with wings, have a deep seated aversion to wet weather. Even water fowl will seek a dry hiding place when it rains.

Did you ever watch the actions of cattle before a big storm? If so, you must have seen them grow more and more uneasy as the clouds gathered. You also saw them run up and down the field, as if seeking to escape some impending danger. Finally, when the storm breaks, they draw close together and with lowered heads present a picture of despair.

Domestic animals when it rains will always seek indoors, or, failing that, they will seek shelter by the barn or under trees or beneath the hedges and thickets—in short, in any convenient place where they may not be entirely exposed to the downpour. It is the same with fowls. They dislike the rain, which soaks their feathers. They seek sheltered places and creep under wagons or behind boxes and boards. Chickens do not mind getting their feet wet, for they will scratch the ground soon after a shower in search of worms and beetles.

Wild birds do their best to keep out of the rain. Some of them build a roof over their nests; others choose a home under the eaves or under a projecting shelf, where they may be safe from the discomfort that the rain brings.

But most of them are without shelter provided in advance by their own forethought. These take refuge in any place that they happen to find at hand. If you watch them before the storm, you will see them looking for such a place.

If the storm comes suddenly, the small and helpless ones soon be bewildered, flying from tree to tree and from limb to limb, quite unable to make up their minds exactly where to hide themselves.—Pittsburg Dispatch.

## ANIMAL ODDITIES.

It is said that hornets never use the same nest a second season.

The largest egg laid by any European bird is that of the swan; the smallest that of the golden crested wren.

The silkworm is three inches long and is well provided with legs, having no less than sixteen of these valuable members.

A French farmer has made experiments which show that caterpillars avoid black objects, but are attracted in numbers by white.

Greyhounds are pictured on Egyptian monuments carved 3000 B. C. The Arab boarhound is the oldest type of domestic dog at present existing.

Mosquitoes were unknown in Switzerland until the completion of the St. Gothard tunnel under the Alps. The tunnel gave them a short cut to the land of William Tell.

A pigeon in harvest time eats its own weight in grain a day, and a blackbird or thrush will eat its own weight daily of ripe fruit. Many kinds of birds exist in summer largely upon plants raised by man for his food.

A number of automobiles lorries are being made in Brussels for use in the Congo Free State. Each of them will do the work of 65 native carriers.

The London County Council has, in all, abandoned 94 liquor licenses, of the annual value of £254,000.

ISSUING OF EXCHANGE PASSES TO STOP IN JANUARY.

Freight and Traveling Passenger Agents—Hays Goes With Grand Trunk—Railway News.

It looks very much as if the trunk lines and Central Passenger Association lines are preparing to do away with Traveling Freight Agents and Traveling Passenger Agents.

In the territory named the following resolution regarding the issuing of passes has been adopted: "That the request or issuance to railway companies, steamship or steamboat lines of annual, time or trip passes or tickets be discontinued January 1, 1902."

The roads that have so far subscribed to the above agreement are the B. & O., B. & O. S. W., Boston & Maine, Canadian Pacific, Central of New Jersey, Big Four, Ohio Central, Delaware & Hudson Canal Company, Delaware, Lackawanna & Western, Erie, Grand Trunk, Hocking Valley, Lake Shore, Lehigh Valley, Michigan Central, Maine Central, New York Central, Nickel Plate, New York, New Haven & Hartford, New York, Ontario & Western, Philadelphia & Reading, Pennsylvania and Wabash.

In the near future a meeting of the Presidents of the trunk lines and Central Traffic Association lines will be held for the purpose of getting the agreement to do so.

If an official of one road desires to travel over the line of any other road, a party to the agreement, after January 1st next in his private car he will have to pay first class fares for the privilege.

**CHAS. M. HAYS.**

The Cincinnati Enquirer announces today that Chas. M. Hays is to go with the Grand Trunk.

**TIME EXTENDED.**

The time when the railroads will use nothing but safety paper for tickets has been extended to January 1, 1902. A. J. Smith, secretary of the American Association of General Passenger and Ticket Agents says that at the last meeting of the association it was reported that 95 per cent of all the roads were using the safety paper for tickets. Some of the roads have a stock of old tickets on hand, which they do not wish to destroy, and it is expected they will all be worked off by January, 1902.

### ARTS AND CRAFTS.

A brother of Mr. Otto Meyer of this city, has established at Laporte, Ind., a flourishing workshop where a beautiful craft is practiced primarily for its own beauty's sake and secondarily as a business industry. While at a German university Mr. Meyer took a course in industrial art, and discovered such an aptitude for woodcarving of a kind known as "basket carving" and attained such skill in it that he continued to practice it after his return to America. His enthusiasm inspired his uncle with the idea of capitalizing a company, thereby greatly increasing the scope of his work and placing the matter on a paying business basis. The chiefs of the concern, besides the uncle and nephew, are a German artist, connected with the schools of Laporte, and a skilled cabinet maker. The establishment is known as the 'Quisana Shop,' employs twenty workmen and imports all its own mahogany and other handsome woods. No two pieces of furniture are alike and all are made from original designs. Pyrography and staining are combined with the carving to produce beautiful decorative effects. A bedroom set made at the Quisana Shop was recently sold for \$400. Mr. Otto Meyer has a handsome carved mahogany jewel case that was made at his brother's workshop.

Invitations have been received here to a private view of the paintings of Mr. Albert C. Fauley and Mrs. Lucy Stanbery Fauley, representing their summer's work. The exhibition will be held in the gallery of the Columbus Art School and will be open to the public from November 26 to December 2, afternoons and evenings.

Mrs. Jas. K. Hamill has been doing some very creditable work in pastels. Mrs. Hamill has just finished a very interesting and successful pastel portrait of Mrs. Percival Sneed which she did from life.

The special purpose of the Monday Talks this year, as avowed in the foreword of its program, is to build a house in fancy and to consider new methods of administering individual affairs; this in view of woman's responsibility in home making and the crudities of her achievements in this line up to the present time. The club is employing very practical methods of pursuing the subject and in the eminently practical program are the names of several men who will present expert evidence in various lines. "The evil that men do" in the way of house building, unfortunately does live after them for many years, if the Monday Talks can mitigate these evils, even slightly, this community should hold itself indebted to this club.

The following cards have been issued by the Photographic Society of Philadelphia, 10 South Eighteenth street:

Exhibition of Photographs by Mrs. Mary R. Stanbery and Miss Katherine Stanbery, of Zanesville, Ohio, and Miss Emma Spencer and Mr. T. M. Edmiston, of Newark, Ohio. November

### IN THE LODGE ROOM.

Now that the quarantine has been lifted from the churches, lodges, schools, etc., and all these various institutions and organizations have resumed their normal functions, the various lodges in the city are beginning to have their old time attendance, and more than usual interest is being manifested in the work of the various orders. Newark is one of the banner secret society towns of the State and all the lodges here are in a flourishing condition, constantly receiving new accessions to their membership.

#### ODD FELLOWS.

Spring Valley Lodge of Rebekahs, Granville, elected the following officers Wednesday night:

Mrs. Henry Welsh, N. G.  
Mrs. Herbert Williams, V. G.  
Henry Welsh, Sec.  
Mrs. Elza Bolen, Per. Sec.  
Miss Kate Evans, Treas.

The Bundle of Sticks contains the following item which should be read by all Newark Odd Fellows:

Say, brother, what are you doing for the order? The first half of the first year of the new century is almost gone, and the first milestone reached, whereat the book will be opened and scanned to ascertain "where we are at" and what has been done for the Order and humanity. What will be the result of the examination? Will it be in your favor or against you? Remember your obligation. Have you obeyed all the requirements of the Order? Would it not be well that we go into self-examination and strive to learn whether we are not self-condemned? If we find we have been derelict of duty, let us be up and at the work for the order we have neglected in the past—work for its glory and the good of our fellows. Let nothing henceforth prevent us from being in name and in fact worthy of the order that has done so much for us.

At the regular meeting of Newark Lodge 623, I. O. O. F., held on Monday evening, there was a good attendance of the members, and considerable business of importance was transacted. Among other business transacted was the initiation of one candidate.

At the meeting of Olive Branch Lodge No. 34, held on Tuesday evening a number of candidates were initiated on and other business was transacted.

Do not fail to keep your dues paid, so that there may be no opportunity given in Lodge to drop you, and no regrets and loss to yourself, should you be taken sick or meet with an accident.

Don't remain away from the lodge and find fault with those who do the work the best they know how. If things don't suit you, attend the meetings, which it is your duty to do, anyhow.

Those who oppose secret societies should witness their work in the cities where there is one or more lodges of fraternal orders. It is there that the principles of charity and benevolence are most frequently called into play. Follow in the foot-steps of those whose duty it is to convey aid and comfort to the afflicted and witness the inner workings of those orders—the sunshine and joy and blessing they bring to the sick and afflicted—to widows and orphans. No one can witness these and not feel that such organized benevolence is of God.

There are too many Odd Fellows for revenue only in our different lodges. The brother who manages to get sick often enough to make his benefits keep his dues paid up may be a good financier, but he is certainly a very poor Odd Fellow.—Texas Odd Fellow.

#### MASONIC.

A special meeting of Newark Lodge, No. 37, F. & A. M., was held on Friday night and the E. A. degree was conferred on four candidates.

At the election of officers of Farmers' Lodge F. & A. M. at Fredonia, Tuesday, Nov. 19, the following were elected: E. A. Hoskinson, W. M.; J. E. Cada, S. W.; O. W. Holler, J. W.; T. N. Carpenter, Treas.; F. A. Carpenter, Sec.; G. E. Smith, S. D.; R. H. Saxton, J. D.; G. W. Willard, S. S.; J. M. Lake, J. S.; Chas. Pimm, Tyler. Marion was the Mecca of the Masonic fraternity Wednesday, hundreds of them being there from all parts of the state to attend the ceremony of laying the cornerstone of the new Masonic Temple. All the new officers of the State Grand Lodge were present, except the Grand Chaplain and Treasurer. The officers present were: Grand Master I. M. Robinson, Chandler; Deputy Master, W. A. Belt, Kenton; Senior Warden, O. P. Sperra, Ravenna; Junior Warden C. P. Barlow, Toledo; Secretary C. M. Rowell, Cincinnati; Orator G. W. Sampson, Upper Sandusky; Marshal Edwin Morrel, Columbus; Senior Deacon L. P. Schaus, Newark; Junior Deacon C. L. Hiner, Canton; Tyler N. Seyffert, LaRue.

After the parade in which the various Masonic bodies took part, the cornerstone of the new temple was laid. In it were placed various coins and relics, copies of newspapers and many other papers and articles that will be of interest to a future generation.

Marion Lodge No. 17, F. & A. M., was organized in 1840 and received a charter in 1841. Marion Chapter No. 62, R. A. M., was organized in 1854; Marion Council No. 62, R. & S. M., was organized in 1856; Marion Commandery No. 36, Knights Templars, was organized in 1880.

The building will be built of impervious fire-finished pressed brick of a medium terra cotta shade, with trimmings of light brown sandstone. It is designed in the Romanesque style of architecture, will be four stories high and finely finished, and will be one of the best and handsomest Masonic buildings in the state.

The entire building, except a portion of the first floor, will be devoted to the uses of the various Masonic bodies of the city, and of a Masonic club. The basement is high, and will admit of the equipment of bowling alleys. The first story will contain store rooms and a commodious entrance to the Masonic portions of the building, having a mosaic floor. From this entrance access is obtained to a wide and easy stairway, or by an electric elevator, to the second floor, which contains an auditorium and dance hall 42x80 feet in size; ladies' parlors, billiard rooms, coat-rooms, etc. The third floor contains a lodge room, which will be 42x80 in size, and connected with this lodge room there will be the necessary and desirable rooms for parlors, smoking-rooms, ante-rooms, etc. The fourth floor contains the upper part of the lodge room, and a large banquet hall, provided with kitchen, serving room and pantry.

The building will be lighted throughout with electricity, and will be heated with steam, and each floor will be provided with toilet rooms, finished in mosaic tile and the best of plumbing fixtures. The construction of the building will be pushed as rapidly as possible, and it is hoped will be completed early in the spring. The finished building will cost in the neighborhood of \$40,000.

At the regular meeting of Center Lodge, No. 11, F. & A. M., held on last Thursday night the following officers for the ensuing year were elected: W. M., B. I. Jones; S. W., John DeBow; J. W., W. W. Stockberger; Treasurer, L. A. Austin; Secretary, M. M. King; S. D., Dr. E. J. Barnes; J. D., J. B. Jones; Tyler, John DeBow; Stewards, Chas. Robinson, E. F. Hobart; Trustees, A. K. Follett, James Gardner and Dr. W. A. Sedgwick.

At the meeting of the lodge to be held on Thursday evening, December 5, the third degree will be conferred on several candidates, and a big time is expected. The Newark lodges and Farmers' Lodge of Fredonia, have been invited and are expected to be present.

#### KNIGHTS OF PYTHIAS.

Newark Lodge No. 13, K. of P., held its regular meeting on Thursday night but aside from the usual routine business no work of any importance was transacted.

At the last meeting of Roland Lodge 305, the attendance was very small, and no business other than routine was transacted.

#### COURT OF HONOR.

Newark City Court of Honor will hold their regular meeting next Tuesday evening and arrangements will be made to have an entertainment at their first meeting in December. All members are urged to be present.

#### MODERN WOODMEN OF AMERICA.

Cedar Camp No. 4727 of this city met in regular session last Wednesday evening and adopted a class of eleven candidates. Next Wednesday evening the members will have a Yankee lunch consisting of sweet cider, ginger bread, hickory nuts, etc., about 40 yards of ginger bread having been donated by the members, and the boys

are all expected to bring a friend to assist in having a royal good time.

C. D. Rhodes, chief forester of Toledo Uniform Rank will visit Newark soon for the purpose of instructing the team of Cedar Camp in the fancy drill movements.

N. C. Sherburne, state deputy was in Columbus Friday on Woodmen business.

The camp decided to send their team to Indianapolis in June, 1903, to participate in the prize drill at the National Encampment of Forester teams, and \$10 will be placed in the Building Association each month until that time to defray their expenses on the trip.

#### A. O. U. W.

Golden Rod Lodge, No. 100, held an interesting meeting on Monday evening and a line of campaign was laid out for the winter. F. W. #### Conference of Virginia Miners.

Indianapolis, Nov. 23.—President John Mitchell of the United Mine Workers of America returned from Detroit and Cleveland in the interest of the joint convention of operators and miners of Virginia and West Virginia, at Huntington, W. Va., next Tuesday. The convention is of vast importance to the mine workers' organization and will be attended by President Mitchell. The purpose of the convention is, if possible, to arrange a wage scale between the operators and miners of the two states. In neither of these states has the union been recognized, so far as wages are concerned. Efforts heretofore to arrange a wage scale were fruitless.

#### Deed of a British Captain.

Mobile, Ala., Nov. 23.—The British bark Birnam Wood, from Rio Janeiro in charge of Mate Poe, anchored at Mobile quarantine station and reports that on Nov. 14 the captain, named Morris, killed the vessel's steward. The body was buried at sea. The captain kept in his cabin, pacing up and down. When informed that Sand Island light was sighted at 4 a. m. Nov. 22, he gave the mate the course, then picked up a sea leech, jumped overboard and was drowned.

#### Colorado Disaster.

Telluride, Colo., Nov. 23.—The work of recovering the bodies of the victims of the disaster to the Smuggler, Union mine progressed slowly until the last body was brought to the surface. It was that of John Nevala and was found in one of the slopes of the seventh level. The death list now numbers 25, the brave engineer, who sacrificed himself in an effort to rescue his comrades, having died.

People with tender, sore, itching, tired, swollen feet ought to know that there is no excuse for them at all.

They can rub Omega Oil on the feet

each night for a week

or so, and then they won't suffer any more.

Omega Oil is now used by the very best foot doctors in New York, and they say it is just wonderful

how the Oil takes the pain

out of the feet. Bathe the feet in warm water, wipe dry, and then rub on the Oil. This treatment is particularly recommended to men and women who have to stand up or walk a good deal. Farmers, clerks, mechanics or women who do housework will find Omega Oil the best foot cure they ever tried.

Omega Oil is good for everything a liniment ought to be good for.

## THE RIGHT THING

A New Catarrh Cure, Which is Rapidly Coming to the Front.

For several years, Eucalyptol Gualacol and Hydrastin have been recognized as standard remedies for catarrhal troubles but they have always been given separately and only very

recently an ingenious chemist succeeded in combining them together with other antiseptics into a pleasant effective tablet.

Druggists sell the remedy under the name of Stuart's Catarrh Tablets and it has met with remarkable success in the cure of nasal catarrh, bronchitis and throat catarrh and in catarrh of the stomach.

Mr. F. N. Benton, whose address is care of Clark House, Troy, N. Y., says: "When I ran up against anything that is good I like to tell people of it. I have been troubled with catarrh more or less for some time. Last winter more than ever. Tried several so-called cures, but did not get any benefit from them. About six weeks ago I wrote: 'I have commenced using Catarrh Tablets and am glad to say that they have done wonders for me and I do not hesitate to let my friends know that Stuart's Catarrh Tablets are the right thing.'"

Mr. Geo. J. Casanova of the hotel Griffin, West 9th street, New York City, writes: "I have commenced using Stuart's Catarrh Tablets and already they have given me better results than any catarrh cure I have ever tried. A leading physician of Pittsburgh advises the use Stuart's Catarrh Tablets in preference to any other treatment for catarrh of the head, throat or stomach."

He claims they are far superior to inhalers, salves, lotions or powder, and are so harmless that little children take them with benefit as they contain no opiate, cocaine or any poisonous drugs.

All druggists sell Stuart's Catarrh Tablets at 50 cents for full size package and they are probably the safest and most reliable cure for any form of catarrh.

Wool Conditions.

Boston, Nov. 23.—All domestic wools are firmly held, and there is a hardening tendency in some directions. Medium quarter-blood sold at 1 cent higher for choice. All bright wools are a trifle higher than a fortnight ago. The heavy week's shipments from Boston show that the mills are taking up what they have purchased. In four weeks over 24,000,000 pounds have been forwarded from Boston alone. Foreign advices are stronger, with Melbourne one-half penny higher on active buying for the United States. The London auction sales, opening next Tuesday, are awaited with much interest.

Result of Galway Election.

London, Nov. 23.—Arthur Lynch was elected over Mr. Plunkett in the parliamentary election at Galway, Ireland. Arthur Lynch led the so-called Irish contingent against the British flag in South Africa. It seems impossible that he should ever attempt to come to England to take his seat. He is a handsome young Irishman, impulsive, emotional and sentimental. The apparent disposition of the London press to make light of his South African venture is suggestive.

TO TALK OR NOT TO TALK?

Is Silence Golden or Is It Foolish and Unsocial?

Is the old figure of a "golden silence" being washed away in the flood of twentieth century volubility? And is it right that it should be so washed away? We do not know the answers to these questions. Perhaps you, gentle reader, know and will tell. We do know that there is a good deal more talk in the world than would have been considered strictly necessary by our forebears. If you don't believe this, go to the nearest library and ask to see the bound volumes of the Congressional Record. You might also take along a certificate of sanity in case the librarian became alarmed at the request.

The old timers used to tell the youth of the land to consider if what they were about to say were not only "true and tried," but also "necessary." The idea held for quite a time that it was as reprehensible to waste words as to dissipate wealth.

Our old friend Montaigne, however, had a tender place in his heart for the talker. He declared, "The most natural and fruitful exercise of the mind is conversation, and I find the use of it more sweet than any other action in life."

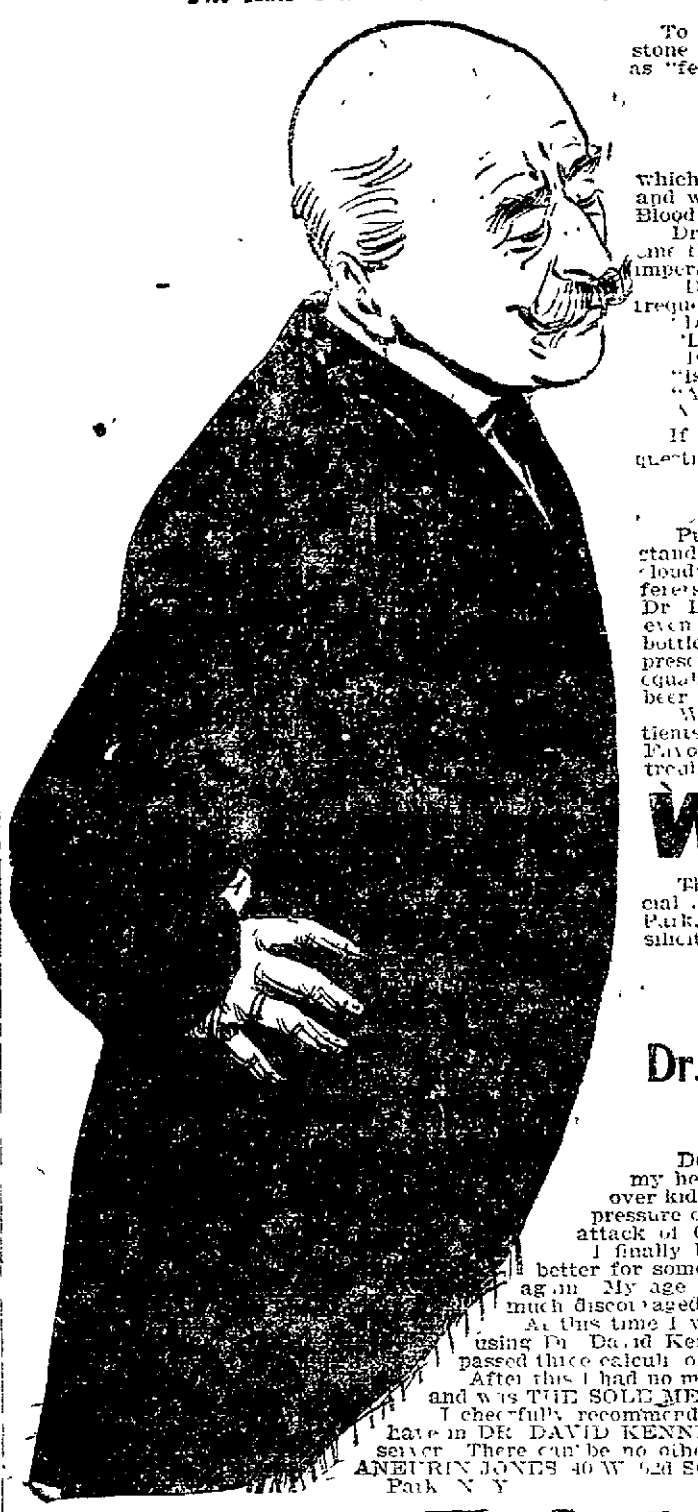

In some quarters members of the feminine sex are credited with an endorsement of Mr. Montaigne's sentiment. Is it wise to talk much? Or is it foolish? Is silence golden? Or is it unsocial and therefore against civilization? What do you think?—New York Telegram.

Weak Kidneys

The following letter from Mr. Anurion Jones, who was the official architect and civil engineer for all improvements in Central Park, is a sample of the thousands we receive daily, wholly unsolicited.

Surgeon's Knife

Failed.

Dr. David Kennedy's Favorite Remedy

Cured.

Dear Doctor: Some years ago I suffered serious disturbances to my kidneys, with loss of sleep and appetite, severe pains in the back, over kidneys and liver, bowels were constipated, there was a severe pressure on my bladder. My physician told me that my case was a serious case of GRAVEL AND STONES IN THE BLADDER.

I finally became so bad that an operation was performed on me. I was better for some time after this, but in a few months the old trouble set up again. My age was against me, too as I was 62 years old, and became very much discouraged.

At this time I was losing a great deal of blood from the kidneys, when I began using Dr. David Kennedy's Favorite Remedy of Rondout, N. Y. In a few days I passed three or four of these stones, the size of very large peas.

After this I had no more trouble. The medicine gave a healthy tone to my constitution and was the SOLE MEANS OF MY CURE.

I have since used a great amount of money can measure the confidence I have in Dr. David Kennedy's Favorite Remedy as a health restorer and preserver. There can be no other medicine so valuable for liver, kidney and bladder diseases.

## An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## Y. M. C. A. COURSE

FIRST NUMBER WILL BE GIVEN ONCEMBER 9.

Strong List of Attractions—Course Tickets One Dollar—Thanksgiving Entertainment, Nov. 28.

The first number in the Y. M. C. A. entertainment course will be given Monday night, December 9. The attraction will be "Maro". This is a magic man and announces one of the finest entertainers on the platform. Mr. Maro is now at the height of popularity. He recognizes no superior on the entertainment platform and it is safe to say his will be one of the finest programs ever given in Newark.

The second number will be "The Old Homestead Quartette," this is the original "Old Homestead Quartette," Denman Thompson manager of the Old Homestead Company says under date of May 4th 1901 in a letter to the Star Lyceum Bureau, "The Old Homestead Quartette has my permission to give a series of concerts under the management of Mr. Foster."

Many have asked "is this really the original Old Homestead Quartette?" Mr. Thompson is authority for the genuineness of the company.

This very fine company will appear on the Association course of entertainments Friday night, Dec. 20.

The third number in the course will occur Monday night January 27th. The Elvie Burnett Concert Company. Miss Burnett is the young lady who appeared in the Association course two years ago as reader for the Temple Male Quartette Company. Miss Burnett is now on the road with her own company.

This company is one of the finest concert companies on the road, the very high reputation held by Miss Burnett an artistic reader is sufficient guarantee that she would not associate herself with other than the very finest of talent. This entertainment will be a rare treat to all music loving people.

The next number in the course will be on February 15th, Elias Day the Characterist. Mr. Day is not new on the entertainment platform by any means he has a reputation of standing far in the lead of men in his profession.

The following from the Nashville American is a sample of many testimonies that could be mentioned:

For fun-making and good wholesome entertaining, Elias Day, the characterist would be difficult to excel. With his fund of stories and ability in mimicry, he delighted an audience of three thousand at the Tabernacle last night, keeping those present in laughter and holding their attention throughout. Last night was Mr. Day's first appearance in Nashville, but from the appreciation of his talents shown by his audience he will certainly be cordially received again. Too much could hardly be said in commendation of his abilities in characterization, mimicry and story telling.

The last number in the course is one that will capture the attention of all who enjoy a good lecture. The Hon. Henry Watterson of Kentucky will be the rare attraction on that evening. This number will be worth the entire cost of the course alone. Mr. Watterson is well known as a lecturer, and while many excellent testimonies could be quoted, yet the fact that Henry Watterson is going to lecture should be sufficient to draw a large house.

The course tickets for this splendid course of entertainments are on sale at the Y. M. C. A. office. The price of the course ticket is \$1.00. An additional charge of 15 cents is made for reserved seat for each entertainment.

A special entertainment will be placed in Taylor Hall Thanksgiving night for the pleasure of the entertainment loving public. The Slayton Jubilee Singers will be the attraction. The program given in this city last year by this company was one of the most delightful and satisfactory evening's entertainment one could desire. The company is a rare combination, the old plantation melodies carry one away down to the south land among the cotton and the corn, and the bird warbler and whistler is well worth going a good distance to hear. The comedian is there who keeps the audience fully awake to the fact that colored people know how to

entertain in the best of style.

Admission, including reserved seat, is only 25 and 35 cents. Seats may be secured at once. Don't wait, but get seats early at the Y. M. C. A.

## Invitation Extended.

(Columbus Press.)

The Ohio National Guard has received a cordial invitation from J. W. Floyd, adjutant and inspector general South Carolina, to attend the exposition at Charleston, which will be open from Dec. 1 to May 1, of next year. There will be a permanent military camp on the grounds with floored tents and other facilities which will be furnished free of charge. Commands will be allowed to do their own cooking or make arrangements for meals at 25 cents per meal. A big military display is to be made on Washington's birthday, Feb. 23. Adjutant General Gyger has had the circular mailed to the various commands in the state.

## A TRIP AROUND THE WORLD.

The trip around the world which was postponed will take place Tuesday, Nov. 26th, afternoon and evening. All persons holding tickets will please notice the change of date. This will be the grandest entertainment of the season. 25 cents round trip. 2t

## AMUSEMENTS.

Probably one of the very best and most interesting productions on the road is the one presented by the "Cornell Twentieth Century Humpty Dumpty Company" which comes to the Auditorium Wednesday and Thursday with matinee Thursday afternoon. It is an entirely new and up-to-date version of the grand old pantomime play, representing and fully illustrating "Old Mother Goose's" fairy tales and nursery rhymes. The company consists of thirty-five carefully selected metropolitan entertainers headed by America's greatest pantomime clown, Mr. Eddie McDonald. He is without doubt the funniest fellow upon the American stage. There is a hearty laugh in his every movement. At a cost of over \$12,000 this production has been placed before the public by Messrs. H. H. Cornell & Son, as a future calling for the son, whose ambition has for years pointed in this direction. Nothing has been spared in completing this organization that could in any manner enhance or add to its perfectness.

Their costumes are of the choicest fabrics and cost several thousand dollars, two gowns in themselves costing nearly \$2,000. These will be worn by the "Queen of Light" who will also wear over \$20,000 worth of diamonds in the grotto scene, while every detail completing this picture will be in perfect keeping. A special sixty-foot baggage car containing all new and magnificent scenery accompanies this organization.

## INDEPENDENT

Telephone Company Organized Tapping Northern Ohio Towns—More Lines to be Strung.

Chagrin Falls, O. Nov. 23.—An independent telephone combination was formed here by the following northern Ohio telephone companies: The Chagrin Falls, the Stafford the Bainbridge, the Chardon and the Burton Opposition to the Bell company and mutual protection is the purpose of the organization. The combination will be known as the Geauga County Telephone company. Fifteen hundred instruments are in use by the combined companies, and all important northern Ohio towns are on the circuits. Lines will be completed through northern Summit county this winter.

## An Assassin Stabbed.

Kenton, O., Nov. 23.—Captain I. A. Williams was attacked by an unknown assailant and stabbed five times in the breast. The assailant escaped. The report has it that Williams is in a serious condition. He is a pronounced agnostic and the extremeness of his views has made him many enemies. He is the man who recently published an invitation for everybody to hunt on his farm.

## Death Will Bring Relief.

Findlay, O., Nov. 23.—Thomas Oldham, a demented recluse, was troubled with several ulcers on his left leg. He rubbed paris green into the sores, but the drug brought no relief. Then he tried rough sand, with a like result. Next he built a bonfire and laid the afflicted limb thereon. It was burned to a crisp. The old man now is likely to die.

## Died of Injuries.

Toledo, Nov. 23.—H. J. Nichols died on the operating table at Toledo hospital from injuries. Nichols was caught on a bridge by a Lake Shore freight train, both his legs were cut off and he fell into the Maumee river. He was rescued and taken to the hospital. He died while the surgeons were dressing his legs.

# "I followed Mrs. Pinkham's Advice and Now I am Well."

## Doctors Mystified.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are today constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

## Grateful Letters from Cured Women.

"DEAR MRS. PINKHAM:—I have been thankful a thousand times since I wrote to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I followed your advice carefully and now I feel like a different person."

"My troubles were backache, headache, nervous tired feeling, painful menstruation, and leucorrhoea. I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well."

"I thank you again for the good you have done me."—ELLA B. BRENNER, East Rochester, Ohio.

"DEAR MRS. PINKHAM:—When I wrote to you some time ago for advice, I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time."

"I had female troubles in many of their worst forms, inflammation and ulceration of the womb, leucorrhoea, bearing-down pains, headache, backache, and nervous prostration. My kidneys were out of order and blood in a bad condition. Every one, and even my doctor, thought I was going into consumption. I commenced to take Lydia E. Pinkham's Vegetable Compound and followed your advice faithfully for six months, with the result that I became a well woman, and it did not cost me nearly as much as a doctor's bill for the same number of weeks. I feel that your medicine saved my life."—MRS. SAMUEL BORST, 7 Cey Ave., Oneonta, N. Y.

"DEAR MRS. PINKHAM:—I feel that words are but feeble to express a heart's gratitude, when there is so much to be thankful for as I have. I suffered with womb trouble for five years, and our family physician said an operation was needed, but I dreaded it, and reading of Lydia E. Pinkham's Vegetable Compound one day, I decided to give it a trial first. To my great joy I found that after four months' treatment I was strong and well; experienced no pain or trouble, and the Compound built up my entire system. I shall always bless the day I started to take your medicine. It proved my greatest good."—MISS SOPHIE BONHAM, 281 Oak St., Chicago, Ill.

"DEAR MRS. PINKHAM:—I want to tell you what your medicine has done for me. I believe it saved my life. I had womb trouble and inflammation of the ovaries, and was troubled with flowing too much. I had two doctors, but they did me no good. After writing to you, I began the use of your remedies, and to-day I am well. I cannot say enough in your favor and shall always praise your Vegetable Compound."—MRS. FRED. LEO, Box 520, Skowhegan, Maine.

December 28, 1899.  
"DEAR MRS. PINKHAM:—I feel that it is my duty to write and tell you of the benefit I have derived from the use of Lydia E. Pinkham's Vegetable Compound. I wrote to you last June and described my sufferings."

"I took seven bottles of your medicine and was cured of my troubles. Last September I was taken with a very bad kidney trouble. I was away from home and was obliged to return. I started to take your medicine again and was soon well."

"When I wrote to you last summer I weighed only one hundred and five. I now weigh one hundred and thirteen. I am very grateful to you for the good advice you gave me, and would recommend your medicine to all who suffer from female weakness."—MRS. B. CUNNINGHAM, Oakland, Ill.

**\$5000 REWARD**

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonials letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

## Prize Chickens.

H. D. McLaughlin of Granville, returned from Mt. Vernon this morning with some fine Plymouth Rock chickens that he had entered in the Knox county Fanciers' Association which held a poultry show this week.

Mr. McLaughlin's was the only entry from Licking county and in a class of Banded Rocks of over 60 birds entered. Mr. McLaughlin received first on cock and tied for first on cockerel. Licking county is getting to the front.

## IT WAS THE LANGUAGE.

Why the Tourist Who Swore at Beggers in Italy Was Fined.

"I had heard about the beggars of Rome long enough before I went abroad," said the tourist, "and I had also made it my mind that they should not profit by me. When I got to the holy city at last and found myself surrounded as I walked out in the morning, I gave the crowd the cold shoulder. One of them—and he was the foulest and raggedest of the lot—stuck to me till I lost my patience and swore at him, and an hour later I was arrested and taken into court. The charge was using profane language in public, and after I had been fined the equivalent of two dollars and was free to go I said to the judge:

"You Italians are a curious people. There are plenty of you who must swear in public."

"That is certainly true, signor," he replied.

"Then why fine me for doing it?"

"Because you swore in English and not in our beautiful Italian tongue!"

M. QUAD.

## He Wanted to Explain.

The man up by the front door of the car was badly bowlegged, but no one had noticed it as he entered, and the fact would have entirely escaped observation had he not suddenly queried of the passenger on his left:

"You noticed my legs, of course?"

"Not particularly," was the reply.

"I thought I saw you squinting. My legs are bowed."

"Sorry to hear it."

"But I want you to know how it came about," continued the man. "I wasn't born this way."

"No?"

"No, sir, I wasn't. It has all come to me from having to hunch along on the kitchen roof and climb through a window when the old woman looks me out of nights, and I want the blame placed where it belongs."

## His Refusal.

"That man once offered me money for my vote," remarked the practical politician.

"And you refused it with scorn?"

"I did. My conscience wouldn't permit me to take it. It wasn't more than half of what is customarily paid, and I couldn't have looked my fellow members of the legislature in the face if I had cut prices."—Washington Star.

## Where Danger Lies.

"I want to be famous," said the boy. "Well, you'll have to be mighty careful," answered the father. "There are more people who make fools of themselves trying to be famous than in any other way."—Chicago Post.

## Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidney and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. At Hall's drug store.

## Want Chinese Excluded.

San Francisco, Nov. 23.—The Chinese exclusion convention, composed of 2,000 delegates, representing the state and county government and industrial and civic organizations in all parts of California, adopted the following resolution: First, we demand the continuance of existing treaties with China and the re-enactment of the Geary exclusion law. Second, we recommend that the California delegates in congress act unitedly in the presentation of a bill to accomplish the purpose and use their utmost endeavors to secure its immediate enactment into a law.

## Found in a Well.

Springfield, Ill., Nov. 23.—Chicago and Alton railway section hands found the body of Joseph Noto, with the head almost severed, in an unused well near Sherman. Tocco Philipo, Noto's friend, who was held to the grand jury on a murder charge, has been found in two pouches on the ankles of the dead man was found \$250, while similar pouches on the wrist, in the form of wrist guards, were cut open. The murder was plainly committed for robbery.

## For Volunteers.

London, Nov. 23.—The Statist suggests that the large business concerns throughout the country whose interests are injured by a continuance of the war in South Africa should raise and equip a mounted volunteer corps for service, and that the wealthy classes should subscribe the necessary funds. The proprietors of The Statist offer to start the subscription with 1,000 guineas.

## Lucky Gas Well.

Tipton, Ind., Nov. 23.—A 50,000,000 foot gas well came in on the Hobbs farm, four miles south of this city. When the tools were thrown out the drillers had to run for their lives. The well is equal to if not larger than the celebrated Wallace well, which was discovered near Postoria, O., seven years ago, at that time said to be the biggest gusher on record.

## WHY?

The reasons why so many come to H. D. Munson is that they have a fine line guaranteed qualities and prices low for such fine instruments. Come and let us prove these facts to you at 27 West Main street.

## AN UNEQUALLED RECORD.

There is a Rapidly Increasing Volume of Newark Evidence Rolling up for the Great Medicine, Dr. A. W. Chase's Nerve Pills.

It would seem that hardly anyone can take Dr. A. W. Chase's Nerve Pills without receiving marked benefit. The wonderful action of this medicine in putting people on their feet who are in a weak run down condition is the talk of every place they are known. It is only a short time since they first came to Newark yet today they are more in evidence for merit with Newark people than all other medicines combined.

Mr. J. Harter of No. 182 German st., Newark, O., says: "I was generally run down, felt nervous, slept poorly, back was weak and felt generally below the right mark. I was told to try Dr. A. W. Chase's Nerve Pills and got some at C. T. Bricker's City Drug Store and they certainly suited me. I regained health, strength and energy—slept well and back all right. I am glad to recommend the Nerve Pills."

There was a large attendance.

## Fire Alarms.

At eight o'clock last night an alarm of fire called the department to Railroad street, where a car loaded with hot embers, was discovered to be on fire. The flames were extinguished however, with but slight damage to the car. This morning at 10 o'clock another alarm called the department to McCune's hardware store on the South Side. One of the clerks had gone into the cellar, and in endeavoring to turn on the electric light dropped the switch handle, which lodged in a pile of hemp. He struck a match to look for it when the hemp took fire. The blaze was extinguished with the chemical.

Arguments in Simple Trial. Philadelphia, Nov. 23.—Arguments of opposing counsel were the feature in United States district court, where John L. Semple, the lawyer of Camden, N. J., has been on trial since last Monday, charged with aiding and abetting Arthur Taylor and Baldwin S. Bredell, convicted counterfeiters, in the manufacture of counterfeit \$20 notes while the latter were in prison awaiting sentence. The case will be given to the jury today after Judge McPherson has delivered his charge. United States District Attorney Holland, in his address, severely arraigned the defendant. Attorney Eckert P. Budd of the defense declared the case against Semple had been conceived by secret service men for self-glorification.

Minnesota is called the "Bread and Butter State," and rightly, too, for last year her mills turned out 26,680,500 barrels of flour and churned over 60,000,000 pounds of butter.

## THEY DIDN'T RETURN

Eight Persons Attempt to Inspect the Baby Mine.

## ALL OVERCOME BY BLACK DAMP.

Parties Prominent, Including the State Mine Inspector and Other Officials. Ill-Fated Colliery Burning Furiously and Tremendous Excitement Reigns—Rescuers Baffled.

Huntington, W. Va., Nov. 23.—Another disaster has followed on the heels of the Baby mine horror in the Pocahontas coal field. Superintendent Walter O'Malley of the Pocahontas Coal company, along with State Mine Inspector William Priest, A. S. Hurst, chief coal inspector for the Castnor, Curran and Bullitt company of Philadelphia; Robert St. Clair, chief coal inspector; Morris St. Clair and William Oldham, substitute coal inspectors; Frazier G. Bell, mining engineer, and Joseph Vardwell, manager of the Shamokin Coal and Coke company of Maybury, W. Va., composing a party of eight, entered the west mine of the South-west Virginia Improvement company's collieries for the purpose of examining the true situation in regard to the recent explosion and fire in the Baby mine, and have not been heard from. It was supposed that the Baby mine proper had been cut off from the west mine, for the purpose of operating the west mine. The large fan in the west mine had been started and it was thought that all gases originating from fire in the Baby mine had been forced from the main portion, and it was considered safe to enter.

After some time had elapsed a party consisting of experienced miners, led by Assistant Superintendent King, entered the mine to rescue the lost party of eight, but they returned shortly, having encountered such quantities of black damp as to make it impossible to enter any distance into the mine. Assistant Superintendent King was completely overcome by the gas and is now in a critical condition. All efforts are being used to recover the bodies of the inspecting party, but no hopes are entertained that any of them will be recovered alive. The secretary and treasurer of the Southwestern Virginia Improvement company, C. S. Thorne of Philadelphia, is directly in charge of all movements at the mines. The fire that originally started in the Baby mine a week ago last Thursday morning, and which was supposed to have been under control, is now burning furiously. All the members of the lost party are prominent in the coal field, and the excitement now prevailing at Pocahontas is intense, business having practically suspended. All the members of the party are married, some having large families.

## Dale Case.

New York, Nov. 23.—The internal organs of Emeline Dale, the child who died in Hoboken early on Tuesday morning, and whose mother is a prisoner charged with her murder, are now in the possession of Dr. Otto Schultze of Cornell college, who will examine them for traces of poison. Dr. E. E. Smith of this city will make the microscopic examination. The child's father has not yet arrived from Chicago, but Assistant Prosecutor Vickers says he will come to Hoboken at the right time. The authorities are working to establish a motive for the alleged crime. The county authorities and the Hoboken police are, they claim, forging what they consider a strong chain of evidence. According to the authorities they understand the will of Mrs. Dale's father is said to have been so drafted that in case of Emeline's death Mrs. Dale would be sole beneficiary.

## Struck the Same Snag.

Memphis, Nov. 23.—The towboat Fritz, sent out from Cairo to raise the wrecked steamer Hartweg, near Randolph Landing, Tenn., struck the same snag that sunk the Hartweg and went down in six and a half feet of water. No lives were lost. It is thought the towboat can be raised.

## CAMPAIGN ON SAMAR

Captured Warriors Show Evidence of Privation.

## NO WHOLESALÉ SURRENDERS YET.

General Lukban's System of Taxation Reported Perfect in Every Detail. Garrison in Luzon Threatened by a Large Filipino Force—Smallpox in the Southern Islands.

Manilla, Nov. 23.—News from island of Samar is encouraging, although up to the present time there have been no wholesale surrenders of natives. The Filipinos captured there show evidence of suffering and hunger. The coasts of the island are closely patrolled by gunboats and the use of the searchlight makes it almost impossible for the natives to land food. The patrolling gunboats have captured over \$20,000 in cash and \$100,000 worth of hemp, upon which a tax had been paid to the Filipinos. The system of taxation and the collection of taxes maintained by the insurgent leader Lukban was perfect and exhaustive in every particular, and produced revenue from births, marriages, deaths, cockfights and from the fish ponds of Samar. Hemp was the most important feature of commerce.

Smallpox is raging in the southern islands of the archipelago. The United States Philippine commission is preparing an act to compel everybody to be vaccinated.

General Chaffee has been informed that the insurgent leader Caballos has 1,000 fully armed men, including a number of American negroes, under his command, in Laguna province, Luzon. An insurgent officer has just been captured carrying papers dated Mauban, Laguna province, Nov. 18, and signed by Caballos. The prisoner admits that Caballos has 1,000 men with him and contemplated attacking Mauban. This probably accounts for the fact that the telegraph lines were cut near Mauban and in several places the supporting poles were found to have been removed.

## INDIAN PROBLEM.

Commissioner Announces a Solution.

Washington, Nov. 23.—A policy which, it is contended, will settle the entire Indian question within a generation, is announced by Commissioner of Indian Affairs William A. Jones, in his annual report. His plan is to give the Indian opportunity for self-support, the same protection of his person and property as is given others, throw him upon his resources and to enforce on him realization of the dignity of labor and the importance of building and maintaining a home for himself. Mr. Jones says that at the outset the Indian must have aid and instruction, and necessities doubtless will have to be furnished him until his labor becomes productive.

## A British Sneer.

London, Nov. 23.—The Saturday Review, sneering at Mr. Hay's "unctuous aphorisms and word platitudes of universal amity," bestows a page on "Lord Lansdowne's retreat," and says: "We are putting the future canal unreservedly into the hands of the United States for the future—which will develop in a startling manner the imperialistic extravagances of today—without consulting in the smallest degree the interests of the rest of the world, which are intimately bound up with our own in this matter." It affirms that Lord Lansdowne has "cynically retreated from the position as trustee for the civilized world which we assumed even under the Hay-Pauncefote convention, and thrown the whole subject of contention into the hands of unscrupulous opponents to deal with as they think fit."

London, Nov. 23.—The friends of Joseph Chamberlain, the colonial secretary, have for some time been concerned with regard to his health. Mr. Chamberlain wrote the Handsworth school declining to distribute prizes at that institution, because, as he said, "it is absolutely necessary for me to confine myself to public work."
